to reserve a tasting

At the Eagle River Whisky Distillery we do just one thing. We hand craft Scotch-Style Malt Whisky in the Mountains of Colorado. One small batch at a time.

Gilman

A Single Barrel Limited Release.

Distilled from 100% Barley, aged 4 years in second-fill American oak. This traditional scotch-style whisky has delicate and nuanced notes of leather, tobacco and a slight chocolate finish. A single barrel offering, once this barrel is gone, there is no more.

Minturn

Peated Single Malt Whisky

Distilled in Scottish style with imported peated barley and Colorado alpine waters. Aged 4 years in new American oak. This small batch whisky has been handcrafted for exceptional taste and richness.

We named the smokiest whisky in our lineup after our hometown, Minturn which was once dubbed "Smokey Town" for the cinder and steam from the bustling railroad lines.

Dowds

Our signature Blend.
Also available in the portable, adventure-ready
200 ml Pocket Water

Distilled from 100% Barley, aged 3 years in new American oak. Honey, vanilla and spice flavors combine in this hand-blended curation of all-Colorado Single Malts.
